That's what all the newspapers say when asked which Barre paper sells the best. There is no doubt about it.

THE WORST KIND OF ROT.

For out and out rot we commend the following which purports to be a newspaper despatch:

Barre, Vt., Oct. 6.—In the presence of an immense throng, but without the band of music which usually accompanies an Italian funeral, or the formality of priestly rites, the body of Eli Corti, who met his death in a clash between socialists and anarchists at Socialists' Hall, Saturday night, was consigned to the grave in Hope Protestant cemetery today.

From a cell window overlooking the cemetery, Alexander Garretto, the alleged murderer of Corti, watched the funeral procession as 200 Italians followed the bier of their anarchist leader to his last resting place.

The streets leading to the cemetery were lined with spectators, and distributed among them almost the entire police force of the city, as it was feared that the burial would be made the occasion of another clash between the socialists and anarchists. There was no disturbance, however.

—Boston Journal.

There have been colored reports sent to metropolitan papers before but this specimen is the worst extant, and, moreover, it appears to be a malicious perversion sent by some irresponsible person who hoped to attain the sensational type whereby his "story" would attract attention. It is a pity, as has been said before, that an editor has not the opportunity to verify his dispatches before they appear in his newspaper. No responsible editor would allow such a distortion to appear had he the means to verify. It is damaging to the reputation of a newspaper to allow such inaccuracies to appear in its columns.

Indeed, the prisoner watching from his cell window, "overhanging the cemetery," saw the funeral procession pass by! In other words, the prisoner from his cell in the county jail at Montpelier looked towards Barre, a distance of six miles, to say nothing of the hills that intervene and obstruct ordinary vision, and saw the funeral procession pass by. Verily, the X-ray is outdone. Then, too, the streets leading to the cemetery "lined with spectators," while distributed along the route was almost the "entire police force of Barre." Now Barre has a police force of four men, and the distance from the house of the deceased to the cemetery is a full mile. These four policemen which the despatch says were "distributed" along the route must have been well "distributed" to cover the distance.

These are most glaring distortions but the whole despatch is so warped that it must disgust any reader that knows the truth in regard to the Corti funeral, who knows that no funeral was ever conducted more quietly and decorously in this city and who knows that there was not even the least basis for this sensational article.

The Rutland News, prohibition, draws a comparison between the arrests for drunks in Rutland this year and a year ago and says that the month's record is the smallest in comparison of all the months since license went into effect. But it hastens to add, "there will doubtless be from now on less difference in the number of drunks, making the comparison between this year and last. It will be remembered that last fall and winter there was no attempt to enforce the law, as the period was looked upon practically as an interregnum in the liquor selling policy of the state. As far as comparative figures for arrested drunks are concerned, henceforth the comparison should be made with 1901 or before." We still think the News holds first place for its fertility of reasoning in meeting all exigencies.

Review at Camp Young.

Camp Young, West Point, Ky., Oct. 8.—Ten thousand troops passed in review before the division staff, the governors of Kentucky and Indiana, the visiting army officers and a great crowd of spectators. All the troops in camp took part in the review, their brightly polished equipment, the music of the bands and the compact symmetry which was preserved throughout affording a brilliant spectacle, which was greatly admired and applauded.

ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

The Rev. Martin Wilbur Hale was yesterday ordained pastor of the Congregational church at Sudbury.

Word has been received from Mrs. Joseph Badger of Danby that her son who was injured in a paper mill at Lewiston, Me., is still alive and has a slight chance of recovery.

The committee on the revision of the constitution of the Vermont Press Association is ready to report and a meeting of the members will probably be called in Burlington in the near future.

The North belt line street car at Rutland was in the charge of young women conductors yesterday, in connection with the annual harvest festival for the benefit of the Old Ladies' home, and a part of the day's receipts will be contributed by the company to the home.

"Gov. Boyd," the five year old trotting stallion, dropped dead Friday afternoon at Forest park track, Brandon, after having been worked out a slow mile. The horse had a record of 2:29, made when a three year old, and was owned in Boston. He had been driven this summer by Mr. Field of Brandon.

The finishing department of the woolen mills at Winooski shut down Tuesday night on account of low water which throws more than 1,000 hands out of employment. The auxiliary steam power is not sufficient to take the place of water but new boilers ordered are being installed as rapidly as possible.

The corn canning season is now over at the Northfield factory. Owing to the poor season less than one-fourth of the usual amount was canned and that came quite largely from Randolph, where the frost did not strike the corn as it did in the Northfield section. No apples will be canned at the factory this season.

The season of seine fishing in Lake Champlain, which opened Oct. 1, promises to be prosperous. As a rule the fish caught at Grand Isle county are shipped to New York and Boston. The fish caught include pike, pickerel and perch. The pike are worth about 12 cents a pound; pickerel 8 cents and perch about 20 cents a dozen.

Work on the five story building which is being erected by Rev. T. J. Gaffney on Meadow street, Rutland, to be used as a home for aged Catholic women, is now rapidly nearing completion and it is expected that it will be ready for occupancy in about six weeks. The building is one of the finest in the state for use for which it is intended and there is no doubt that it will be taken advantage of by many people.

Bernard Tully was found dead in bed Tuesday morning at Edward Hartwell's in Ludlow, where he spent the night. Tully had been drinking quite freely since Saturday and had been out of town some of the time. Monday evening Hartwell found him on the street and took him home and put him to bed about 10 o'clock. Tully was a weaver in the Black River Woolen mills and was about 35 years old and leaves a wife and five children. He was a member of the local order of Foresters.

OPEN DOOR IN MANCHURIA

Commercial Treaty Is Signed by China.

WILL RUSSIA BACK OUT?

Opening of Ports at Moukden and Antung Will Be Insisted On to Limit.

Washington, Oct. 8.—The state department this morning received a cable from Shanghai, signed by the commissioners of the United States, stating that a commercial treaty providing for opening the door in Manchuria at Moukden and Antung had been signed by them and by the Chinese commissioners.

Regardless of whether Russia today removes her troops from Manchuria or breaks her promise, this government will at present go no further than to maintain that the United States has equal rights in Manchuria with either Russia or any other power. The opening of the ports at Moukden and Antung will be insisted upon to the extreme limit.

RUSSIA'S ANSWER TO JAPAN.

Has Sent 60 Warships to Be With Japan's Vessels.

London, Oct. 8.—Russia's answer to the Japanese movement of troops into Korea is a dispatch of a mighty fleet to the same waters. Telegrams received today report that ninety warships have arrived at Masanpo, a harbor in southern Korea and have anchored within easy distance of the Japanese ships sent there some days ago.

Additional warlike news is that the Brigades of Russian troops have been hurriedly marched to the Korean boundary line where they are now encamped. Meantime diplomats of Russia and Japan are negotiating at Tokio over the future of Korea.

CALL OF EXTRA SESSION

Will Be Issued By the President Within a Few Days.

Washington, Oct. 8.—President Roosevelt will issue the call for the extra session of congress within a few days. As Nov. 9 is the date set for the meeting, he will follow custom and issue the call in time to give members of the senate and house at least three weeks to make their preparations.

The president will state in his call that the extra session is to pass a joint resolution to put into effect the provisions of the Cuban treaty of commercial reciprocity. No reference will be made to any other subject, but, of course, congress is not limited to the consideration of the Cuban question. It has full power to take up and pass measures dealing with other subjects.

The House Committee.

Speaker Cannon will not announce the several committees of the house for some time after congress meets, probably taking a fortnight to make his selections. But it is expected that within a day or two after the house has organized by the election of a speaker and other officers he will name the committee on ways and means, so that it can prepare the Cuban reciprocity resolution and report it at an early day. That would enable the house to consider this question, pass the resolution and send it to the senate within a comparatively short time.

It is thought that the debate on the resolution will not be prolonged in the house and that it will not be necessary to enforce severe closure. Republican opposition to Cuban reciprocity has been dissipated. Some Republicans are still averse to it, but they appreciate that it has become a party question and that it would be unwise to show party division so soon before the presidential election.

Senate May Take Time.

More time may be required in the senate for the passage of the resolution. Before taking it up the senate must wait for the house to act. As a week or ten days will be required for the house to pass the resolution, it is quite probable that the senate will not have passed it before the time has arrived for the regular session of congress. But the first half of December should see it through the senate and ready for the president's signature unless the Democrats precipitate a long tariff debate.

The president's message to congress in extra session will touch only upon the Cuban question, following the lines of his call. The annual message will not be sent in until the regular session begins on Monday, Dec. 7. While the president has made some notes of what he will say in that regular message, work upon it has not really begun.

Maine Paper Mills Reopen.

Madison, Me., Oct. 8.—The mills of the Great Northern Paper company have been started with 300 men, nearly the entire crew. As low water will make it almost impossible to obtain sufficient ground wood to make news paper, the management have decided for the present to make bag paper.

Bold Robbers In New Brunswick.

Edmundston, N. B., Oct. 8.—Three robbers imprisoned the night watchman in a freight car and blew open the safe in the Canadian Pacific railroad station here, escaping with about \$200 in money.

Our Saturday Bargain

Ladies' Pants and Vests, 25c.

Being constantly in touch with the Boston and New York markets and always on the lookout for extra good values to give our customers, we succeeded in buying for spot cash 25 dozen Ladies' Jersey Knit Fleece Lined Pants and Vests at much under price. We offer them to you Saturday at much under price—25c per garment.

They are now on exhibition in our store. You can look them over, whether you wish to purchase or not. We have been asked by several who have seen the goods how we could afford such a garment for 25c. The only excuse we have to offer is this: We can sell at lower prices than most stores because our selling expenses are less than theirs.

NOTE.—We have the extra large Pants and Vests, sizes 8 and 9, in this sale at the same price, 25c. SEE SAMPLES IN WINDOW.

Wedding of Philippine Official.

New York, Oct. 8.—Mr. Beekman Winthrop, assistant executive secretary of the Philippine government, and Miss Melba Riggs, daughter of Mrs. John Dunn Wood, were wedded in St. Bartholomew's church in the presence of a large gathering of friends. In the congregation were a number of Harvard men, former classmates of the groom. Mr. and Mrs. Winthrop will leave shortly for Manila, where he will resume his official duties.

Another Crank at White House.

Washington, Oct. 8.—John Decker of Norwich, Conn., who evidently is a mechanic about forty-four years old, entered the White House soon after the doors were opened. The officials thought from his actions that he was a crank and arrested him. He was not armed and made no resistance when placed under arrest. He was turned over to the police authorities.

Paris Police Watch Anarchists.

Paris, Oct. 8.—The police have established surveillance over the anarchist element here in view of the approaching visit of King Victor Emmanuel of Italy to Paris. The arrest and expulsion of several suspects are expected. The Paris police asserts that the authorities are aware that several anarchist leaders recently left America for Europe.
